Professional Summary

Curious and driven Frontend Engineer with 2+ years of experience building modern, responsive, and user-centric applications using **React.js**, **Tailwind CSS**, and **JavaScript**. Adept at crafting elegant UI/UX, optimizing performance, and working closely with cross-functional teams. Familiar with **TypeScript**, **state management**, and **Unix-style CLI tools**. Always excited about solving real-world problems through simplicity, usability, and clean code.

Professional Experience

2023 – 2025/01
Dhaka, Bangladesh

Junior Web Developer

Mojaru [↗](#)

- Built and maintained **Mojaru.com** [↗](#), an interactive EdTech platform using **React.js** and **Tailwind CSS**
- Developed core components for the student dashboard (authentication, live class access, attendance tracking, etc.)
- Collaborated closely with designers and backend engineers to ensure pixel-perfect UI and seamless API integration
- Used **Redux** for state management and focused on reusable component patterns
- Regularly optimized frontend performance and accessibility across modern browsers

Education

present
Dhaka, Bangladesh

Bachelor's in Computer Science & Engineering (Ongoing)

Bangladesh University of Business and Technology (BUBT) [↗](#)

Skills

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks & Libraries:** React.js, Zustand, Redux (basic)
- **Styling:** Tailwind CSS, SASS/SCSS
- **Tools & Workflow:** Git, GitHub, Postman, Figma, Vite, Webpack
- **Backend Basics:** Node.js, Express.js, MongoDB, MySQL
- **CLI & Environment:** Comfortable with Unix-style CLI & basic Linux usage
- **Coding Paradigms:** Familiar with functional programming (map, filter, reduce)

Soft Skills & Culture Fit

- Strong written and verbal communicator — believe good software is a result of great collaboration
- Respect for users across diverse backgrounds; always building with empathy
- Regularly write technical documentation and personal learning notes
- Passionate about clean code, minimalistic UI, and building software with human impact in mind
- Fan of sci-fi, open source, and continuously learning through side projects and community
